To all members and supporters of Visalia Heritage, Inc.

A year ago Ernie Crotty presented a unique opportunity for a museum in Visalia. After unsuccessfully looking into individual donors, government grants and non-profit institutions we have decided to step back from that effort.

This last month we had a brainstorming session on where to take the organization. It was a lively discussion that led to a lot of good ideas. Members want to see new projects that will take Visalia Heritage into the digital age. This will allow us to become more visible to the general population and attract new members.

Last year we awarded our annual Annie R. Mitchell Scholarship to another deserving COS student that has transferred to Fresno State and is pursuing her dream of teaching at the 6th grade level.

We will be sending out notices of upcoming meetings and our digital developments.

Thank you all for the support you have given to Visalia Heritage in the past.

Sincerely,

Michael Kreps, President
